

POLZEATH SURF LIFESAVING CLUB
CLUB STORAGE OF PRIVATE EQUIPMENT
June 2023

1. Storage of private SLS equipment is £60 per year a rack (this does not include surf boards).
2. For Members that have historically had a rack or racks for storage, this will be honored by the Club Committee.
3. Members must adhere to all Club Policies when using the Club, or the privilege will be removed.
4. When a rack becomes free, those that volunteer their time within the Club and are wanting to store their equipment are more likely to be offered the rack first. The Club Committee will discuss and decide who will be able to take the space.
5. Once an invoice for storage has been sent the Member has 4 weeks to pay. If the Member fails to pay on time the Club reserves the right to remove the equipment from the Club House.
